Star Student

Congratulations to our Infant Room star of the month,

Ivy!

INFANT ROOM STAR STUDENT

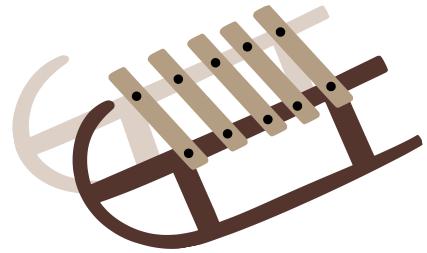

Ivy is almost 8 months old and has already accomplished so much! She has been with Bunny Bunch since she was just a few months old, and she has truly been a joy to have in our classroom. Ivy is such a happy, smiley baby who brings so much warmth and positivity to everyone she meets. She loves watching the older babies play and learn, and it's so sweet to see her observing and trying new ways to use toys alongside them. Ivy especially enjoys jumping and playing with musical toys—especially the ones that light up and make fun sounds! Recently, she reached an exciting milestone by starting to crawl, and now she is always on the move, eager to explore everything around her. We love watching her curiosity grow as she confidently scoots around the room discovering new things. One of Ivy's favorite spots is by the gate, where she happily smiles and waves at everyone who walks by. Her joyful personality truly brightens our days, and she brings so much happiness to our classroom. We are so proud of all that Ivy has learned and how much she has grown, and we can't wait to watch her continue to reach new milestones during her time with us at Bunny Bunch!

Congratulations, Ivy! Keep up the great work! We love you!!!
